

Introducing the

**OK to Wake!**<sup>TM</sup>

# Owl with Night-Light & Music

## OK to Wake! Owl teaches kids to sleep in ... so you can too!

This cuddly sleep buddy glows green when it's OK to see mom and dad in the morning!

OK to Wake! really works - kids are excited to wait for the green light while parents get some extra shut-eye.

At bedtime, soothing music and a soft, yellow night-light gently lull kids to sleep.

I glow green when it's "OK to Wake!"

I play lullabies!

## Kids & Parents get more sleep!

- Glows green when it's OK to get out of bed
- Soft yellow night-light and soothing music at bedtime
- Convenient nap timer
- Silent mode
- Volume and brightness control
- Adjustable auto-off
