

Introducing the

Chef's Quad-Timer™ Series

4-Task Multi-Timer for the Serious Home Chef

The Chef's Quad-Timer is designed for the serious home chef, the avid entertainer and the modern multi-tasker. Designed to compliment today's upscale home kitchens, this unique product features eye-catching form and progressive functionality.

Key Benefits

- **Four (4) Independent Timers** (1 min - 24 hours).
- **Intuitive Cooktop Metaphor.**
- **Easy-Set Dials** for unprecedented ease-of-use.
- **Large Dual LCD** displays any two timers at once.

Multi-Tasking at a Glance

Green burners are still cooking, red burners are done.

Whether preparing a healthy supper for family or a seven-course meal for close friends, the Chef's Quad-Timer makes multi-tasking easy.

Chef's Quad-Timer™ Series

Chef's Quad-Timer Professional

Chef's Quad-Timer

Features

- Four (4) Independent Timers (1 min - 24 hours).
- Intuitive Cooktop Metaphor.
- Easy-Set Dials (patent pending) for unprecedented ease-of-use.
- Large Dual LCD displays any two timers at once.
- Batch function quickly recalls last timer value entered.
- Expired timers count up after sounding.
- All timers may be adjusted, paused or reset independently.
- Global reset feature clears all timers at once.
- Clock mode makes for an attractive kitchen timepiece.

Cooktop Metaphor visually connects running timers with what's on the stove.

Dual LCD Display allows viewing of multiple timers at once.

About American Innovative™

American Innovative was founded to pursue the development of innovative new products that should exist, but don't.

"Products that make sense" is our motto and the execution of this philosophy can be seen throughout the company's product line. Careful attention to the needs of the user and a keen eye for industrial design and user interface engineering are the secrets of American Innovative's success.
